Monday 10th

My dearest Buddy:

Enclosed are the few pictures we took up in the hills. You don't deserve these, but I am big hearted so I'll send them.

I have had a shocking cold. I sure don't know where I got it because the weather has been glorious. However hope it is on the mend.

Will you please send to "Big Ben" Jay. I really need it. If you mail it right away you can mail it here. Let Epina to do this & I'll get it.

I certainly miss the kids. They had a ball. Mike played Golf with the Jr. while he was here. Won himself a couple of trophies and he is ready to move up here. Sadie Ann enjoyed the shopping (all woman). She really made a haul! Needed an extra suitcase to go home.

We have the Bath tub in &

Now are having floors tiled. I hope
Jim finished pretty soon. As I tell
him he is leaving nothing for next
year at all. Young J. Potts takes
over this week & we will all be
very glad. Mam Val is unbecomable.
I have a feeling she is going out
in a blaze of noise, dirt, & dirty
language. She is a "tough nut."

Jimmie is fine. Engaging his
guests.

Please write to me. Joe Paddy &
Mary they owe me a letter too.

I wait for word from ever of you.

Take good care yourself. Remember
"easy does it" and a day at a time.

I look forward to Oct. 75. And
we will have a race.

Please write I worry about
you.

I'll write again the end of the
week.

All My Love
Jimmie
