and served nice about two weeks ago
Nell got word that her mother
Eddie's wife was losing her mind and
yesterday she recovered a letter from
him saying she had passed away she

had a tumor on the brain, not insane

 of his children if ~~the~~ caught it

 and one little Lady cried they all thought

it was grand and forie I surly
 prize it dearly Mrs Labell says it
 can not be beat it expresses you
 so truly well this letter is getting
 quite long so I will close soon
 only remember me to Wilbur and
 all the babies the boys say I need not
 worrie about you they think Wilbur
 is some man and they mean if you
 could not change their opinion on
 that never and they say there never
 was a a little girl with less faults
 than you well I will close with love
