GENERAL HEADQUARTERS

American Expeditionary Forces

General Orders, No. 126

France, August. 1-1918.

I. (a) An individual pay record book has been adopted which will be supplied to troops now serving with the A. E. F. from the office of the Chief Quartermaster, A. E. F. upon requisition by regimental or other commanders, who will be held responsible for their proper distribution. All unused or spoiled copies remaining after preparation of a book for each soldier present with an organization will be returned to the Chief Quartermaster by courier or registered mail. These books will be opened as of October 1st 1918. Immediately upon receipt of this order requisitions for these books will be prepared showing the strength of the organization for which requisition is submitted.

(b) The purpose of this book is to provide for payment to a soldier who is separated from his organization by being on detached service, in hospital, at leave area, or whenever the soldier's service record, pay card, or other requisite data for the preparation of a pay roll is not immediately available for such purpose.

The printed instructions on the pay book will be followed in order that soldiers may promptly receive the pay due them, and **pay rolls will be made up from data contained in the pay book**, under conditions above described.

(c) Pay books will be prepared for soldiers with their organizations by the officer responsible for data on service record, and for casualties by an officer designated for that purpose by the Commander of the Casual Camp to which the soldier is sent to await assignment.

THIS BOOK WILL BE CARRIED BY THE SOLDIER IN HIS PERSONAL POSSESSION.

(d) Soldiers arriving for duty with the A. E. F. will be paid on pay rolls for all unpaid periods to include the month in which they leave the United States, an individual pay record book being opened as of the first day of the succeeding month.

(e) If, for any reason, payment is not made as prescribed in paragraph 1-d, the pay book will be made as though the soldier had thus been paid, and remarks covering all prior pay due the soldier and charges due the U. S. will be entered at top of page 4 of the pay book, using

entire width of page, the officer entering such remarks authenticating same by affixing his official signature thereto.

(f) Soldiers arriving for duty in the A. E. F. for whom Service Records have not been received, will be furnished a pay book in which such data as is obtainable will be entered; that is, on page 1 the soldier's number obtained from identification tag; name and organization; grade will be assumed to be that of private serving in first enlistment period; date of opening pay book; if carrying War Risk Insurance, year and date of birth, date of application and amount of policy (this information to be obtained from the soldier), other spaces to be ruled out. On page 2 of the pay book the soldier will be charged with a compulsory allotment of \$ 15.00, and any other allotments which he may state are chargeable against his pay. The certificate for signature of officer making initial entries in the pay book will be changed so as to show that entries have been made without access to soldier's service record.

(g) An officer who prepares a pay book as indicated in Par. 1-f will immediately advise the Chief Quartermaster, A. E. F. of such fact, giving full information as to all entries and will inform the soldier that a complete settlement will be made as soon as his exact pay status is obtained.

(h) The Chief Quartermaster, A. E. F. will, upon receipt of advice indicated in Par. 1-g, obtain information to enable a proper statement of the soldier's pay account to be made, and will forward same to the soldier's organization commander, who will prepare a new pay book, make entry on page 4 of such remarks as will exhibit the soldier's exact status, marking old pay book "Cancelled" and file same with soldier's Service Record.

2. All charges, or change in grade, affecting the soldier's pay will be immediately entered on his individual pay book by the officer responsible for data on service record below a line drawn under the last entry of payment, if any; otherwise, by entry at top of first page provided for entry of payments, such entries to be authenticated by the official signature of the officer making same. If the grade of the soldier, or any of the fixed deductions chargeable against his pay, be changed, the soldier's new pay status will be shown by entries in the first vacant column on page 2 or 3 and will be authenticated by the official signature of the soldier's commanding officer or officer design-

nated by him for that purpose. Date to which paid, together with date of payment and name of Quartermaster (not name of an agent office) will be entered in pay record book by the officer witnessing the payment.

3. LOST PAY BOOK. In case a soldier loses his pay book, he will make immediate report of loss to his commanding officer. Such officer will request that Chief Quartermaster furnish a blank pay book, and on receipt of same will take the necessary action for accomplishing the pay book, enter fact of issue on soldier's Service Record; and notify the officer in charge of soldier's pay card that fact of issue may be noted thereon.

4. NEW PAY BOOK. A new pay book will be issued whenever the old book is filled up, or when it becomes defaced, illegible or unusable from any cause; the old book to be filed with the soldier's Service Record. New books, when required will be obtained by requisition as directed by Par. 1-a.

5. DECEASED AND DISCHARGED SOLDIERS. The individual pay book of a deceased soldier will be forwarded to the Effect Depot, Q. M. Corps, Base Section No 1 for file with Service Record.

Upon discharge of a soldier, notation of date and place of discharge will be made in his individual pay book and the book filed with Soldier's Service Record.

6. Payment will be made to soldiers on pay rolls, Form No. 3, W. D. which may be prepared at any time during the month succeeding that which it covers, if, for any reason, it is impracticable to have it prepared on the last day of the month to which it pertains. In case of soldiers going to leave areas with permission, the C. O. of such leave areas are authorized, if they deem it in the interest of and for the welfare of the soldier, to have pay rolls prepared at any time showing pay due to include the day on which such pay rolls are prepared, and Quartermasters will make payment thereon to include the date shown if it appears that there is a balance due the soldier after deducting any allotments or other charges for the entire month in which the pay roll is prepared.

BY COMMAND OF GENERAL PERSHING:

JAMES W. McANDREW,

Chief of Staff.

OFFICIAL:

ROBERT C. DAVIS,
Adjutant General.
