The oldest tax book stored in the basement of the County Courthouse is that for 1877. This book shows alphabetical lists of landowners arranged by Civil District. The records also include surnames of neighbors to the north, south, east and west (at the time that each deed was recorded), number of town lots, number of acres, and total value. There are approximately 470,000 acres of land in Wayne County, but the 1877 tax duplicates show only 384,900 acres, not including 168 town lots. R.B. Cheatham owned 35,400 ac in 1877, A.G. McDougal owned 27,930 ac, Jonathan Morris owned 21,880 ac, Gaylord Rolling Mill Co. owned 16,000 ac, John A. Cheatham owned 11,530 ac, Andrew Williams owned 6,660 ac and S.G. Roberts owned 5,000 ac. These seven taxpayers owned about 30 percent of Wayne County. The assessed value for land in rural areas depended upon the values of buildings, minerals, and timber and upon land use or the potential for agriculture and future development. The average (median) assessed value was about \$3/ac, but 10 percent of the real estate was valued at \$1/ac or less, and another 10 percent was valued at \$9/ac or more. In 1877, there were 108 lots in Civil District 2 (Clifton), one lot in District 3, 49 lots in District 4 (Waynesboro), and 10 lots in District 6 (Ashland). These lots had taxable values of \$10 to \$2,300 each, depending upon location, use (commercial or residential), and the value of any buildings. The total assessed value of Wayne County land in 1877 was \$1,081,165. The 1877 records, except for neighbor surnames, appear below. The spelling of names is the same as that in the record book, but it might not be correct or consistent. Also, some of the handwriting is poor, and a few names are difficult to read.
