The tax books in the basement of the County Courthouse shows alphabetical lists of landowners arranged by Civil District. The records also include surnames of neighbors to the north, south, east and west (at the time that each deed was recorded), number of town lots, number of acres, and total value. There are approximately 470,000 acres of land in Wayne County, but the 1905 tax duplicates show only 454,000 acres, not including 377 town lots. The Tennessee Valley Iron and Railroad Company owned 74,409 ac at this time, Bon Air Coal and Iron Company owned 46,598 ac, Decatur Land Co. owned 18,037 ac, Jonathan Morris owned 10,656 ac, and John Overton heirs owned 9,500 ac. These five taxpayers owned one third of all land in Wayne County. Land in rural areas was generally valued at \$0.50/ac to \$200/ac, depending upon the values of buildings, minerals, and timber and upon land use or the potential for agriculture and future development. A few small pieces of property had a value of more than \$250/ac. In 1905, there were 140 lots in Waynesboro (District 1), 207 lots in Clifton (District 2), 19 lots in District 3 (Flatwoods?), and 11 lots in the area that would become Collinwood (District 4). These lots had taxable values of \$10 to \$2,000 each, depending upon location, use (commercial or residential), and the value of any buildings. The total assessed value of Wayne County land in 1905 was \$1,169,000. These real estate records, except for neighbor surnames, appear below. The spelling of names is the same as that in the record book, but it might not be correct or consistent. Also, some of the handwriting is poor, and a few names are difficult to read.
